PART 2 - UNLAWFUL PRACTICES

Preparation or sale of adulterated or sub-standard food

9. (1) A person who prepares for sale any food for which there is a standard prescribed is guilty of an offence unless the food complies with the prescribed standard.

(2) A person who sells any food which bears or has attached to it, or is contained in a package which bears or has attached to it, a name prescribed for a food for which there is a standard prescribed or which is otherwise designated or represented as being a food for which a standard is prescribed is guilty of an offence unless the food complies with the prescribed standard.

(3) A person who sells any article of food which is adulterated or falsely described is guilty of an offence.

Maximum penalty: 50 penalty units or imprisonment for a term not exceeding 6 months, or both.

Sale not complying with purchaser's demand

Maximum penalty: 50 penalty units or imprisonment for a term not exceeding 6 months, or both.

(2) In any prosecution under this section, it is no defence to establish that the food concerned, though different in nature, or in substance, or in quality, was not different in all three respects.

(3) A person who sells any food which does not comply with the standard prescribed for the food demanded by the purchaser is guilty of an offence.

Maximum penalty: 50 penalty units or imprisonment for a term not exceeding 6 months, or both.

(4) If any person demands any food by a name prescribed for a food for which there is a standard prescribed, the person is to be taken to have demanded food which complies with that standard.

Tender or dispatch of food etc. adulterated or falsely described

Maximum penalty: 50 penalty units or imprisonment for a term not exceeding 6 months, or both.

(2) If, however, the actual sale was effected or is to become effective elsewhere than in New South Wales, it is a defence to a charge for an offence against this section to satisfy the court that the sale was authorised under the laws in force where it was effected or is to become effective.

Sale of food wrongly packed

12. A person who sells any food which is packed or enclosed for sale in a manner contrary to any standard prescribed for the food or any provision of the regulations is guilty of an offence.

- (b) the name and business address of the manufacturer, the packer of the contents of the package or the vendor and, in the case of imported food, the name and business address of the importer; and
- (c) such other particulars as may be prescribed.

(2) If food other than packaged food is displayed for sale it must be labelled in accordance with the regulations.

(3) The regulations may prescribe any food or class of food to which all or any of the provisions of subsection (1) or the provisions of subsection (2) are not to apply or any circumstances in which all or any of the provisions of subsection (1) or the provisions of subsection (2) are not to apply.

(4) Subsection (1) does not, unless otherwise specified in regulations in relation to any particular type of food, apply where the food was packed before or at the time of sale and in the presence of the purchaser.

(5) For the purposes of this section, "**appropriate designation**" means a name or description or a name and description sufficiently specific in each case to indicate the true nature of the food to which it is applied.

(6) A person who sells any food is guilty of an offence if the food (or, in the case of packaged food, the package) is not labelled as required by or under this section.

Maximum penalty: 50 penalty units or imprisonment for a term not exceeding 6 months, or both.

False advertising of food

14. (1) A person who, for the purpose of effecting or promoting the sale of any food, publishes an advertisement which is false or

misleading in a material particular, which is deceptive or likely to mislead members of the public or which contravenes a prescribed standard, is guilty of an offence.

Maximum penalty: 30 penalty units.

(2) In any proceedings under this section against the manufacturer, producer or importer of any food, it lies on the defendant to prove (if the defendant so contends) that the defendant did not publish the advertisement.

PART 3 - INSPECTION AND ANALYSIS

Division 1 - Inspectors' powers

Powers of entry and inspection

15. (1) An inspector may do any one or more of the following:

- (a) alone, or with such members of the Police Force or other persons as may be necessary, enter and inspect any place in which, or vehicle in or from which, the inspector reasonably believes any food or appliance is sold or any food is manufactured or handled for sale; or
- (b) alone, or with such members of the Police Force or other persons as may be necessary, enter and inspect any place or vehicle in which the inspector reasonably believes any records are kept, being records which relate to any food for sale, any appliance or the manufacture or handling of food for sale;
- (c) examine any food for sale or any food manufactured or handled for sale;
- (d) open and examine any package that the inspector reasonably believes contains any such food;
- (e) examine any labelling or advertising material which appears to the inspector to be intended for use in connection with the sale of any such food or appliance or to have been so used;
- (f) open and examine any appliance;

Food 1989

- demand, select and obtain samples of any food which appears to the inspector to be intended for sale or to have been sold;
- (h) examine any records referred to in paragraph (b), make copies of those records or any part of them and, for that purpose, take away and retain (for such time as may, for that purpose, be reasonably necessary) any such records or any part of them;
 - (i) stop and detain any vehicle which the inspector is authorised by this subsection to enter;
 - (j) open, or order to be opened, any container used for the conveyance of goods, or any package, which the inspector reasonably believes to contain any food or appliance;
 - (k) take such photographs, films or audio or visual recordings as the inspector considers necessary;
 - (l) generally make such investigations and inquiries as may be necessary to ascertain whether an offence against this Act or the regulations is being or has been committed.

(2) This section does not authorise an inspector acting without a search warrant to use force in the exercise of a power of entry and inspection conferred by this section or to enter any premises or part of any premises used as a dwelling without the consent of the occupier.

(3) A person, however, may be regarded as having obstructed an inspector, contrary to section 60, if the person, after being requested to do so by the inspector (and on the production of the inspector's certificate of authority), refuses or fails to allow the inspector to exercise such a power.

Power of seizure

16. An inspector may seize and detain, or take possession of, any food, appliance, package or labelling or advertising material, or any other thing at all, which the inspector reasonably believes is evidence that an offence against this Act or the regulations is being or has been committed.

Requiring of information

17. (1) For the purposes of, or in connection with, an inspection of any place or vehicle entered pursuant to section 15, an inspector may request any person engaged or employed in that place or vehicle to produce to the inspector for examination such records relating to:

- (a) any food for sale or any appliance; or
 - (b) the manufacture or handling of food for sale,
- as are in the custody or under the control of that person.

(2) If the person fails to comply immediately with the request (it being in his or her power to do so), the person is guilty of an offence.

Maximum penalty: 50 penalty units or imprisonment for a term not exceeding 6 months, or both.

Search warrant

18. (1) An inspector may apply to an authorised justice (within the meaning of the Search Warrants Act 1985) for a search warrant if admission to a place or vehicle referred to in section 15 has been refused or if the inspector has reasonable grounds for believing:

- (a) that admission to any such place or vehicle is likely to be refused; or
- (b) that any such place or vehicle is unoccupied or the occupier or person in charge is temporarily absent.

(2) The authorised justice to whom the application is made may, if satisfied that there are reasonable grounds for doing so, issue a search warrant authorising an inspector named in the warrant to enter the place or vehicle.

(3) An inspector who enters any place or vehicle by virtue of such a warrant may take with him or her such other persons as may be necessary, and on leaving any unoccupied place or vehicle so entered must, as far as practicable, leave it as effectively secured against trespassers as he or she found it.

Division 2 - Items seized by inspectors

Definition

19. In this Division, "the responsible authority", in relation to a seizure under this Part by a person holding office as an inspector, means:

- (a) the Director-General, if the person was appointed to that office by the Director-General; or
- (b) the council concerned, if the person was appointed to that office by a council; or

- (c) the Commissioner of Police, if the person was appointed to that office by the Commissioner of Police or a superintendent or other officer of police.

Seized items

20. (1) Any item seized under this Part may, at the option of the inspector who made the seizure or of any inspector acting in his or her place, be detained in the place or vehicle where it was found or be removed to another place and detained there.

(2) If the item is to be detained in the place or vehicle where it was found, the inspector may:

- (a) place it in a room, compartment or cabinet in that place or vehicle; and
- (b) mark, fasten and seal the door or opening providing access to that room, compartment or cabinet.

Return of seized item

21. If, before any item seized under this Part is forfeited to the Crown under this Division, the responsible authority becomes satisfied that there has been no contravention of this Act or the regulations of which the item is evidence, the responsible authority must cause the item to be delivered to:

- (a) the person from whom it was seized; or
- (b) such other person as appears to the responsible authority to be entitled to it.

Forfeiture of item

22. If:

- (a) any item seized under this Part has not been disposed of under section 21 and no application for disallowance of the seizure has been made within the period allowed under this Division; or
- (b) although such an application has been made within that period, the application has been refused or has been withdrawn before a decision in respect of the application has been made,

the item is forfeited to the Crown and may, subject to this Part, be destroyed, sold or otherwise disposed of as the Director-General may, generally or in a particular case, direct.

Cost of destruction or disposal of forfeited item

23. (1) If a person who (immediately before the forfeiture) was the owner of an item forfeited to the Crown under this Division is convicted of an offence under this Act or the regulations in respect of the item, any cost incurred by or on behalf of the Crown in connection with the lawful destruction or disposal of the item is a debt due to the Crown from that person.

(2) Any such debt is recoverable by the Director-General in a court of competent jurisdiction.

(3) In any such proceedings a certificate signed by the Director-General stating the amount of any costs and the manner in which they were incurred is evidence of the matters certified.

Return of forfeited item

24. (1) If, after any item that has been seized is forfeited to the Crown because no application for disallowance of the seizure was made within the period allowed under this Division:

- (a) the Director-General becomes satisfied that no contravention of this Act or the regulations has been committed in respect of the item; and
- (b) the item has not been destroyed or disposed of in a manner that would prevent its being dealt with in accordance with this subsection,

the Director-General must immediately cause the item to be delivered to:

- (c) the person from whom it was seized; or
- (d) such other person as appears to the Director-General to be entitled to it.

(2) On being so delivered, such proprietary and other interests in the item obtain as existed immediately before the forfeiture.

Destruction of noxious material

25. If an inspector who has seized any food under this Part is satisfied on reasonable grounds that it consists wholly or partly of a filthy, decomposed or putrid animal or vegetable substance, the inspector (disregarding any provision to the contrary in this Part) may cause the food to be destroyed.

Food 1989

Applications

26. (1) A person claiming to be entitled to any item seized under this Part may, within 10 days after the date on which the seizure took place, lodge notice of an application in the District Court for an order disallowing the seizure of the item.

(2) The application is to be made in accordance with rules of court and is not to be heard unless the applicant has previously served a copy of the application on the responsible authority.

Authorities entitled to answer the application

27. The responsible authority is entitled to appear as respondent at the hearing of the application.

Order disallowing seizure

28. The District Court, on the hearing of an application, must make an order disallowing the seizure:

- (a) if:
 - (i) it is proved by or on behalf of the applicant that the applicant would, but for the seizure, be entitled to the item; and
 - (ii) it is not proved beyond reasonable doubt that an offence was being or had been, at the time of the seizure, committed, being an offence of which the item was evidence; or
- (b) if, in the opinion of the court, there are exceptional circumstances justifying the making of an order disallowing the seizure,

but otherwise the court must refuse the application.

Ancillary orders

29. (1) In the event that the District Court makes an order disallowing the seizure of any item, it must also make one or both of the following orders:

- (a) an order directing the respondent to cause the item to be delivered to the applicant or to such other person as appears to the court to be entitled to it;
- (b) if the item cannot for any reason be so delivered or has in consequence of the seizure depreciated in value, an order

directing the responsible authority to pay to the applicant such amount by way of compensation as the court considers to be just and reasonable.

(2) The award of costs with respect to the hearing of an application lies in the discretion of the court.

(3) If the court makes an order for the payment of any amount as compensation or awards any amount as costs, the order is enforceable as a judgment of the court.

Adjournment pending hearing of other proceedings

30. If on the hearing of an application it appears to the court that the item that is the subject of the application is required to be produced in evidence in any pending proceedings in connection with an offence against this Act or the regulations, the court may, either on the application of the respondent or on its own motion, adjourn the hearing until the conclusion of those proceedings.

Division 3 - Procedure on taking samples

Owner of sample to be informed

31. Whenever an inspector obtains a sample of food with the intention that it be submitted for analysis, the inspector must, either before or as soon as practicable after obtaining the sample, inform:

- (a) the owner of the food comprised in the sample; or
- (b) if the owner is not present or readily available, the person from whom the sample was obtained or the person having charge of the food,

of the inspector's intention to have the sample analysed.

Payment to be made or tendered

32. (1) An inspector when obtaining a sample of food must pay, or tender payment of:

- (a) the amount fixed by the regulations as the amount payable for the sample concerned; or
- (b) where no such amount is for the time being so fixed - an amount equal to the current market value of the sample,

Food 1989

to the person from whom the sample is obtained.

(2) In any proceedings for an offence of selling food in contravention of this Act or the regulations, the obtaining of a sample of food by an inspector in accordance with this Division is to be taken to be a sale of the food.

Procedure to be followed

33. (1) Except in so far as a prescribed standard or the regulations otherwise provide, an inspector who obtains a sample of food with the intention that the sample be submitted for analysis must (unless relying on subsection (2)):

- (a) divide the sample into 3 separate parts and mark and seal or fasten each part in such manner as its nature will permit; and
- (b) leave one part with the owner of the food or other person from whom the sample was obtained or a person appearing to be the employee or agent of that owner or other person; and
- (c) submit one of the remaining parts for analysis; and
- (d) retain the other remaining part for future comparison.

(2) If the division of a sample for analysis into 3 separate parts in accordance with subsection (1) would in the opinion of the inspector:

- (a) so affect or impair the composition or quality of the sample as to render the separate parts unsuitable for accurate analysis; or
- (b) render the sample in any other way unsuitable for analysis, including a method of analysis prescribed in relation to the food from which the sample was taken,

the inspector may deal with the sample in such manner as is appropriate in the circumstances.

(3) If a sample of food is taken by an inspector in the form of separate or severable objects, it is not necessary, in dividing that sample into parts in accordance with this section, to divide any one of those objects, and it is sufficient compliance with this section if the inspector:

- (a) takes a number of those objects; and
- (b) divides the number so taken into the requisite number of parts so that each part consists of one or more than one of the separate or severable objects; and
