(2) Notes included in this Order do not form part of this Order.

(3) Despite section 36(1) of the Interpretation Act 1987, for the purposes of calculating when a quarantine period ends, the day a person arrives in New South Wales is to be counted as the first day of the period.

Example. A person arrives in New South Wales on 1 April 2020. The quarantine period for the person starts on that day and ends on 14 April 2020 at the time on that day decided by the Commissioner of Police.

4 Grounds for concluding that there is a risk to public health

It is noted that the basis for concluding that a situation has arisen that is, or is likely to be, a risk to public health is as follows—
Public Health (COVID-19 Air Transportation Quarantine) Order 2020 [NSW]

(a) public health authorities both internationally and in Australia have been monitoring international outbreaks of COVID-19, listed in the Act as Novel Coronavirus 2019,
(b) COVID-19 is a potentially fatal condition and is also highly contagious,
(c) a number of cases of individuals with COVID-19 have now been confirmed in NSW, as well as other Australian jurisdictions.

5 Directions—persons arriving in NSW

(1) The Minister directs that a person (a relevant person) who arrives in New South Wales by aircraft and who has, within 14 days immediately before that arrival, been in a country other than Australia must do one of the following as directed by the Commissioner of Police—
   (a) go directly to a quarantine facility specified by the Commissioner of Police,
   (b) go directly to a medical facility for treatment.

Note. The Public Health (COVID-19 Maritime Quarantine) Order 2020 provides for the requirements that apply to persons arriving in New South Wales by vessel.

(2) The Minister directs that a person required to go to a quarantine facility or medical facility under subclause (1) must comply with any directions of the Commissioner of Police in relation to the person’s transit at the airport or travel to the quarantine facility or medical facility.

(3) The directions under this clause do not apply to a person who arrives in New South Wales in the person’s capacity as a member of the flight crew of an aircraft.

6 Direction—entering and remaining at quarantine facility or medical facility

(1) The Minister directs that a relevant person must remain at the quarantine facility or medical facility (or another quarantine facility or medical facility as directed by the Commissioner of Police) during the quarantine period unless—
   (a) the Commissioner directs otherwise, or
   (b) there is an emergency that requires the person to leave the quarantine facility or medical facility.

(2) A relevant person must, while remaining at a quarantine facility or medical facility during the quarantine period, comply with any conditions decided, or directions given, by the Commissioner of Police.

(3) A person must not enter a quarantine facility or a part of a medical facility being used to quarantine persons under this Order unless the person is—
   (a) a police officer, or
   (b) entering at the direction of a police officer, or
   (c) entering for the purposes of providing medical treatment or care to a person in the quarantine facility or part of the medical facility, or
   (d) entering because of an emergency, or
   (e) a person carrying out functions necessary for the ordinary operation of the quarantine facility or medical facility.

(4) A person at a quarantine facility or a part of a medical facility being used to quarantine persons under this Order must not provide another person with access to the facility or the part of the facility unless the other person is—
   (a) a police officer, or
   (b) entering at the direction of a police officer, or
(c) entering for the purposes of providing medical treatment or care to a person in the quarantine facility or part of the medical facility, or
(d) entering because of an emergency, or
(e) a person carrying out functions necessary for the ordinary operation of the quarantine facility or medical facility.

7 Designation of premises as quarantine facility
The Commissioner of Police may designate, in writing, any premises or type of premises the Commissioner considers appropriate to be a quarantine facility for the purposes of this Order.

8 Direction—advice provided by Chief Health Officer
The Minister directs that the Commissioner of Police must, in the exercise of a function under this Order, have regard to any advice provided by the Chief Health Officer (or a delegate of the Chief Health Officer) for the purposes of this Order.

9 Exemption
The Minister may, in writing and subject to the conditions that the Minister considers appropriate, grant an exemption to this Order.

10 Repeal of Order
(1) The Public Health (COVID-19 Quarantine) Order 2020 is repealed.
(2) This Order is repealed at the beginning of 25 June 2020.

11 Transitional arrangements
(1) This clause applies to a person who was subject to a direction under clause 5 of the Public Health (COVID-19 Quarantine) Order 2020 if the person’s quarantine period had not ended immediately before this Order commenced.
(2) To remove any doubt, the person must continue to comply with the direction until the quarantine period has ended.

12 Transitional arrangement for Public Health (COVID-19 Air Transportation and Maritime Quarantine) Amendment Order 2020
To remove any doubt, paragraph (b) of the definition of quarantine period in clause 3(1), as substituted by the Public Health (COVID-19 Air Transportation and Maritime Quarantine) Amendment Order 2020 (the Amendment Order), applies to a person subject to a direction under clause 6(1) immediately before the commencement of the Amendment Order.
