Incorporation of provisions of Government Railways Act.

50. The several sections of the Government Railways Act, twenty-second Victoria number nineteen, hereinafter specified, together with the respective powers, authorities, duties, liabilities, obligations, and other the provisions therein contained, are hereby declared, notwithstanding the repeal of the said Act, to be incorporated with, and embodied in, this Act, to the intent that the same may be applied as fully and effectually to the lands taken under the authority of this Act as if the said sections had been specifically enacted herein. And that wheresoever in any section so incorporated the word "Commissioner" occurs, there shall, for the purposes of this Act, be substituted in lieu of such word the expression "the Promoters." And whenever the word "Railway," or words implying works connected with a railway, occur, there shall be substituted such words respectively as denote the nature of the work, undertaking, or purpose in respect of which the land in question has been appropriated or resumed. The following are the sections so declared to be incorporated with this Act:—

- (V) As to the release of lands from rent, charges, and other incumbrances, and procedure thereon. Sections seventy-one to seventy-four, both inclusive.

Section ten and sections eighty-four to ninety-seven, both inclusive. Provided that compensation shall in all respects be ascertained in accordance with this Act.

51. It shall be lawful for the Promoters, and all persons by them authorized, to enter upon any lands, not being a garden, orchard, or plantation attached or belonging to a house, nor a park, planted walk, avenue, or ground ornamentally planted, and not being nearer to the dwelling-house of the owner of any such lands than one hundred yards therefrom, and to occupy the said lands so long as may be necessary for the construction or repair of any works authorized by this Act, of the accommodation works connected therewith hereinafter mentioned, and to use the same for any of the following purposes, that is to say—

For the purpose of taking earth or soil by side cuttings therefrom

For the purpose of depositing soil thereon ;

For the purpose of obtaining materials therefrom for the construction or repair of the water-works, or such accommodation works as aforesaid ; or

Provided always that nothing in this

Act

Act contained shall exempt the Promoters from an action for nuisance or other injury (if any) done in the exercise of the powers hereby conferred to the lands or habitations of any party other than the party whose lands shall be so taken or used for any of the purposes aforesaid. Provided also that no stone or slate quarry, brick-field, or other like place which, at the time of the passing of this Act, shall be commonly worked or used for getting materials therefrom for the purpose of selling or disposing of the same, shall be taken or used by the Promoters either wholly or in part for any of the purposes lastly hereinbefore mentioned, and that the Company shall pay to the owner of the land a fair price for any timber, clay, stone, gravel, sand, or other things taken therefrom.

Promoters to separate the lands before using them.

52. If any such lands shall be used for any of the purposes aforesaid, the Promoters shall, if required so to do by the owner or occupier thereof, separate the same by a sufficient fence from the lands adjoining thereto with such gates as may be necessary for the convenient occupation of such lands, and in case of any difference between the owners or occupiers of such lands and the Promoters as to the necessity for such fences and gates, then with such fences and gates as the Governor shall deem necessary for the purposes aforesaid.

Compensation to be made for temporary occupation.

53. In any of the cases aforesaid where the Promoters shall take temporary possession of lands by virtue of the powers herein granted, it shall be incumbent on them within one month after their entry upon such lands, upon being required to do so, to pay to the occupier of the said lands the value of any crop or dressing that may be thereon, as well as full compensation for any other damage of a temporary nature which he may sustain by reason of the Promoters so taking possession of his lands.

Before roads interfered with others to be substituted.

54. If in the exercise of the powers hereby granted it be found necessary to cross, cut through, raise, sink or use any part of any road, whether carriage-road, horse-road, or tram-road, or railway, either public or private, so as to render it impassable for, or dangerous, or more than usually inconvenient to passengers, or carriages, or to the persons entitled to the use thereof, the Promoters shall, before the commencement of any such operations, cause a sufficient road to be made instead of the road to be interfered with, and shall, at their own expense, maintain such substituted road in a state as convenient for passengers and carriages as the road so interfered with, or as nearly so as may be.

Period for restoration of roads interfered with.

55. If the road so interfered with can be restored compatibly with the due completion of any works authorized under this Act, the same shall be restored to as good a condition as it was in at the time when the same was first interfered with by the Promoters, or as near thereto as may be, and if such road cannot be so restored, the Promoters shall cause the new or substituted road, or some other sufficient substituted road, to be put into a permanently substantial condition equally convenient as the former road, or as near thereto as circumstances will allow, and the former road shall be restored, or the substituted road put into such condition as aforesaid, as the case may be, with all reasonable expedition.

Promoters to make sufficient approaches and fences to bridleways and footways crossing on the line.

56. If any pipe, canal, or duct shall cross any highway, other than a public carriage-way, on the level, the Promoters shall make and at all times maintain convenient ascents and descents, and other convenient approaches with hand-rails or other fences, and shall, if such highway be a bridle-way, erect and at all times maintain good and sufficient gates, and if the same shall be a footway, good and sufficient gates or stiles on each side of works where the highway shall communicate therewith.

Mulgoa Irrigation.

57. The Promoters shall make and at all times thereafter maintain the following works for the accommodation of the owners and occupiers of lands adjoining any works authorized under this Act, that is to say—

Such and so many convenient gates, bridges, arches, culverts, and passages over, under, or by the side of, or leading to or from such works as shall be necessary for the purpose of making good any interruptions caused thereby to the use of the lands through which the same shall be made, and such works shall be made forthwith after the part of the pipe, canal, or duct passing over such lands shall have been laid down or formed or during the formation thereof.

Also sufficient posts, rails, hedges, ditches, mounds, or other fences for separating the land, taken for the use of such works from the adjoining lands not taken, and protecting such lands from trespass, or the cattle of the owners or occupiers thereof from straying thereout by reason thereof, together with all necessary gates made to open towards such adjoining lands and not towards the said works, and all necessary stiles, and such posts, rails, and other fences shall be made forthwith after the taking of any such lands, if the owners thereof shall so require, and the said works as soon as conveniently may be.

Also all necessary arches, tunnels, culverts, drains, or other passages, either over or under, or by the sides of such works, and of such dimensions as will be sufficient at all times to convey the natural water from the lands lying near or affected thereby.

Provided always, that the Promoters shall not be required to make such accommodation works in such a manner as would prevent or obstruct the using of any works authorized by this Act, nor to make any accommodation works with respect to which the owners and occupiers of the lands shall have agreed to receive and shall have been paid compensation.

58. If any difference arise respecting the kind or number of any such accommodation works, or the dimensions or sufficiency thereof, respecting the maintaining thereof, the same shall be determined by the Governor, who shall also appoint the time within which such works shall be commenced and executed.

59. If any of the owners or occupiers of lands affected by such pipe, canal, or duct shall consider the accommodation works made by the Promoters, or directed by the Governor to be made by the Promoters, insufficient for the commodious use of their respective lands, it shall be lawful for any such owner or occupier, at any time at his own expense, to make such further works for that purpose as he shall think necessary, and as shall be agreed to by the Promoters.

60. If the Promoters so desire, all such last-mentioned accommodation works shall be constructed under the superintendence of the Promoters' engineer, and according to plans and specifications to be submitted to and approved by the Promoters. But the Promoters shall not be entitled to require either that plans shall be adopted, which will involve a greater expense than that incurred in the execution of similar works by the Promoters, or that the plans selected should be executed in a more expensive manner than that adopted in similar cases by the Promoters.

61. If any person omit to shut and fasten any gate set up for the accommodation of the owners or occupiers of the adjoining lands, as soon as he and the carriages, cattle, or other animals under his care have passed through the same, he shall forfeit for every such offence any sum not exceeding ten pounds.

PART III.

Miscellaneous Provisions—Legal Procedure.

Moiety of penalties to be paid to informers—Distress not unlawful for want of form.

62. One-half of any penalty recovered under this Act shall be paid to the informer; and where any distress is made for any sum of money to be levied under this Act, the distress itself shall not be unlawful, nor the persons making the same be deemed trespassers, on account of any defect or want of form in the information, summons, conviction, warrant of distress, or other proceedings relating thereto, nor shall the persons distraining be deemed trespassers on account of any irregularity that shall be afterwards done by the persons distraining, but the persons aggrieved by such irregularities may recover satisfaction for the special damage in an action on the case.

Penalty for default not otherwise provided for.

63. If it shall be proved to the satisfaction of any two Justices in Petty Sessions assembled, that the Promoters or any of their officers have been guilty of any default under this Act not otherwise provided for, they shall be liable for each and every such default to a penalty not exceeding five pounds, to be recovered in a summary way.

Method of proceeding before Justices in question of damages, &c.

64. Where by this Act any question of compensation, expenses, charges, or damages, or other matter is required to be referred to the determination of any Justices, it shall be lawful for any Justice, upon the application of either party, to summon the other party to appear before two Justices at a time and place to be named in such summons, and upon the appearance of such parties, or in the absence of any of them upon proof of due service of the summons, it shall be lawful for such two Justices to hear and determine such question, and for that purpose to examine such parties or any of them and their witnesses on oath, and the cost of every such inquiry shall be in the discretion of such Justices, and they shall determine the amount thereof.

Penalties, &c., to be summarily recovered before two Justices.

65. Every penalty, forfeiture, charge, or sum of money imposed by or made payable under this Act, the recovery of which is not otherwise provided for, may be recovered by summary proceedings before two Justices, under the provisions of the Act or Acts in force for the time being, regulating summary proceedings before Justices. And where any such penalty, charge, or sum be not paid, either immediately after conviction or adjudication, or within the time appointed thereby, the same may be enforced by distress and sale of the offender's or defaulter's goods and chattels, in the manner provided by the said Acts.

Parties allowed to appeal to Quarter Sessions on giving security.

66. If any party shall feel aggrieved by any determination or adjudication of any Justices with respect to any penalty or forfeiture under the provisions of this Act, such party may appeal to the nearest Quarter Sessions; but no such appeal shall be entertained unless it be made within four months next after the making of such determination or adjudication, nor unless ten days' notice in writing of such appeal, stating the nature and grounds thereof, be given to the party against whom the appeal shall be brought; nor unless the appellant forthwith after such notice enter into recognizances with two sufficient sureties before a Justice, conditioned duly to prosecute such appeal, and to abide the order of the Court thereon. At the Quarter Sessions, for which such notice shall be given, the Court shall proceed to determine the appeal in a summary way, or they may, if they think fit, adjourn it to the following Sessions, and upon the hearing of such appeal, the Court may, if they think fit, mitigate any penalty or forfeiture, or they may confirm or quash the adjudication, and order any money paid by the appellant, or levied by distress upon his goods, to be returned to him, and also may order such further satisfaction to be made to the party injured, as they may judge reasonable; and they may make such order concerning the costs, both of the adjudication and of the appeal, as they may think reasonable.

Court to make such order as they think reasonable.

67. If through any act, neglect, or default, on account whereof any person shall have incurred any penalty imposed by this Act, any damage to any conduit, main, pipe, sewer, or other property of the Promoters, used in connection therewith, shall have been committed by such person, he shall be liable to make good such damages as well as to pay such penalty, and the amount of such damages shall, in case of dispute, be determined by the Justices by whom the party incurring such penalty shall have been convicted, and on non-payment of such damages on demand, the same shall be levied by distress, and such Justices, or one of them, shall issue their warrant accordingly.

Damage to be made good in addition to penalty.

68. It shall be lawful for any officer or servant of the Promoters, and all persons assisting him, to seize and detain any person who shall have committed any offence against the provisions of this Act, and whose name and residence shall be unknown to such officer or servant, and convey him, with all convenient despatch, before some Justice without any warrant or other authority than this Act, to be dealt with according to law.

Transient offenders.

69. Any notice required by this Act, or by any by-law or regulation made thereunder to be served on, or given to, any owner or occupier of any building, land, or premises, or on or to any person, may be in writing, or partly in writing and partly printed, or may be wholly printed. And it shall be sufficient for all purposes of this Act, unless the said Act in any case prescribes a different course to be pursued, if any such notice is sent by post to the owner by registered letter addressed to his last-known place of abode or of business, or is served on the owner or occupier of such building, land, or premises, or left with some inmate apparently over the age of fourteen years living at the place of abode of such owner or occupier, or if there be no occupier, if such notice be posted on some conspicuous part of such building or land. And any notice required to be served or given in respect of any public street, road, or lane may be served on or sent by post as aforesaid to the Council Clerk of the Borough or Municipal District wherein such street, road, or lane, or a portion thereof affected by the notice is situated.

Notices.

70. In the event of the wrongful exercise of any powers given by this Act, nothing in this Act contained shall be construed to prevent any person from indicting, or otherwise proceeding, either civilly or criminally against the Promoters or their officers, for nuisance or otherwise in respect of the works, or means used or employed by the Promoters in the exercise of the privileges hereby conferred on the Promoters, or to prevent the Promoters, or any person recovering any sum of money, or otherwise proceeding in any Court of competent jurisdiction; but the Promoters or any person, to whom any penalty or sum of money may, by the provisions of this Act, be awarded, may elect either to proceed in manner in this Act provided, or to proceed for and recover damages or otherwise, in any Court of competent jurisdiction.

Indictment for nuisances.

71. For any of the purposes of the Promoters authorized by this Act the Promoters may from time to time borrow money in such sum or sums as the Promoters may think fit; and for securing the repayment of the money so borrowed, with interest, it shall be lawful for the Promoters to issue debentures, to be charged and secured upon the Promoters lands, works, materials, rights, privileges, and revenues or to mortgage the same.

Borrowing powers.

72. The Promoters shall assign and transfer to the purchaser or purchasers of land within the irrigation area at time of purchase such a water-right to attach to the land so purchased as the Promoters may determine, and such water-right, when assigned or transferred to such purchaser or purchasers, shall be expressed in or endorsed upon the deed of conveyance, or in or upon the transfer of such land; and in all cases

cases where the land is under the provisions of the Real Property Act, such water-right shall be noted by the Registrar-General upon the purchaser's certificate of title, and such water-right shall, for all time, attach to the land to which the same has been assigned, and shall be held by and belong to the owner of such land for the time being. Provided such water-right shall in no case be inconsistent with the rights conferred on the Promoters under this Act.

Rights, powers, &c. under this Act may be assigned, &c., to incorporate Company.

73. It shall be lawful for the Promoters, at any time after the passing of this Act, to assign, transfer, convey, and release to any person, or to any Company duly incorporated for that purpose, all the rights, powers, authorities, privileges, liabilities, and obligations conferred and imposed upon it by this Act, together with all lands, tenements, hereditaments, estates, chattels, and effects of every kind acquired by it under or in pursuance thereof, and purchased, occupied, or used in connection with the same, and upon and after the completion of such assignment, transfer, conveyance, and release the said person or Company, their officers, agents, and servants alone may lawfully exercise and enjoy all the rights, powers, authorities, and privileges, and shall be and continue alone to be subject to all the liabilities, obligations, penalties, and forfeitures to which the said Promoters, their officers, agents, or servants would have been entitled or subject had no such assignment, transfer, conveyance, and release been completed. Provided, however, that nothing herein contained shall prejudice or affect any rights accrued, action or proceedings taken against, or liabilities, obligations, penalties, or forfeitures incurred by the said promoters before the completion of the said assignment, transfer, conveyance, and release, and for which the said assignees shall be as fully liable as the Promoters would have been if no such assignment, transfer, conveyance, and release had been executed.

Power to extend provisions of the Act.

74. Upon the application of the Promoters the Governor may, by proclamation, declare that the provisions of this Act shall be extended to lands other than those within the irrigation area, and thereupon such lands which shall in such proclamation be described shall be included within the provisions of this Act, the same as if such lands had been included in the provisions of this Act originally.

Voidance of Act.

75. This Act shall become null and void unless works to the value of twenty thousand pounds be carried out within two years after the passing thereof.

Penalty for infraction of proviso in subsection (iv) of section 5 of this Act.

76. In the event of any infraction by the Promoters of the proviso in subsection (iv) of section five in respect of the quantity of water to be taken, they shall be liable to a penalty not exceeding one hundred pounds per day for each and every such offence, and in case of a second like offence it shall be lawful for the Governor to forfeit all rights of the Promoters or their assigns under this Act.
