SCHEDULE 2.

AMENDMENTS TO THE IRRIGATION ACT, 1912, RELATING TO THE QUANTIFICATION OF WATER SUPPLIED.

(1) Section 1—

From the matter relating to Part IV, omit "16", insert instead "16A".

(2) Sections 16, 16A—

After section 15, insert:

16. Where a quantity of water was, during any period, supplied at any outlet or point of supply to, or to the occupier of, any land and—

(a) there was no prescribed method of measuring the quantity; or

(b) there was a prescribed method of measuring the quantity but, in the opinion of the Commission, the method did not function correctly at any time during that period,

the Commission may, by whatever means it considers fit, determine the quantity of water supplied, during the period, at the outlet or point of supply to, or to the occupier of, the land.

16A. (1) A certificate, purporting to be issued under Evidence, subsection (2) for the purposes of this subsection, shall, in any proceedings, be admissible in evidence and be conclusive evidence of the matters certified in and by the certificate.
(2) A certificate purports to be a certificate issued under this subsection for the purposes of subsection (1) if—

(a) it purports to be executed by the Commission; and

(b) it certifies that, during a specified period, a specified quantity of water was supplied to any specified land or to the specified occupier of any specified land, and was so supplied as referred to in any one or more of the following subparagraphs:

(i) pursuant to any water rights, including any additional water rights, attached to the land or to any specified part of the land;

(ii) as additional or excess water;

(iii) pursuant to any provision of this Act so specified;

(iv) for any specified purpose;

(v) at any specified outlet or specified point of supply;

(vi) solely during the hours of daylight on specified days.
(3) The Commission shall not issue a certificate under subsection (2) certifying that a quantity of water was supplied as referred to in subsection (2) (b) unless that quantity either was ascertained by a prescribed method of measuring or was the subject of a determination made by the Commission under section 16.
