Road Transport Reform (Dangerous Goods) Regulations

Dated 3 September 1997.

WILLIAM DEANE
Governor-General

By His Excellency’s Command.

JOHN SHARP
Minister for Transport and Regional Development
PART 1—PRELIMINARY

Division 1—Introductory

Citation

1.1 These Regulations may be cited as the Road Transport Reform (Dangerous Goods) Regulations.

Commencement

1.2 These Regulations, except regulation 1.1 and this regulation, commence on a day or days specified by the Commonwealth Minister by notice in the Commonwealth of Australia Gazette.

[Note: Regulations 1.1 and 1.2 commence on gazettal: see Acts Interpretation Act 1901, s 48.]

Main objects of Regulations

1.3 The main objects of these Regulations are:
(a) to reduce as far as practicable the risks of personal injury, property damage and environmental harm arising from the transport of dangerous goods by road; and
(b) to give effect to the standards, requirements and procedures of the ADG Code so far as they apply to the transport of dangerous goods by road; and
(c) to promote consistency between the standards, requirements and procedures applying to the transport of dangerous goods by road and by other modes of transport.
Division 2—Interpretation

Definitions—the dictionary

1.4 (1) The dictionary in Schedule 3 defines particular words and expressions.

(2) A relevant definition found elsewhere in these Regulations is indicated by a signpost definition in the dictionary.

[Note: A signpost definition of a word or expression is included only if the definition is used outside the regulation defining the word or expression.]

(3) A definition outside these Regulations that applies particularly to these Regulations is also indicated by a signpost definition in the dictionary.

Example:
The signpost definition

“‘converter dolly’ see clause 10.6 in the Schedule to the Road Transport Reform (Heavy Vehicles Standards) Regulations;”

indicates that the expression “converter dolly” is defined in clause 10.6 in the Schedule to those Regulations.

(4) A definition in or applying to these Regulations applies to words and expressions used in these Regulations unless the contrary intention appears.

(5) A definition in or applying to these Regulations applies to the entire Regulations unless the contrary intention appears.

References to codes, standards and rules

1.5 (1) In this regulation:

“instrument” means a code, standard or rule (whether made in or outside Australia) relating to dangerous
4. **Road Transport Reform (Dangerous Goods) 1997 No. 241**

goods or to transport by road, and includes a provision of an instrument.

(2) In these Regulations, a reference to an instrument includes a reference to another instrument as applied or adopted by, or incorporated in, the first instrument.

(3) In these Regulations, unless the contrary intention appears, a reference to an instrument is a reference to the instrument as amended from time to time.

[Note: See section 50 of the Act, which deals with notification in the Government Gazette of where an instrument may be obtained or inspected.]

**Inconsistency between Regulations and codes etc**

1.6 (1) In this regulation:

“**instrument**” means a code, standard or rule (whether made in or outside Australia) relating to dangerous goods or to transport by road.

(2) If an instrument is applied or adopted by, or is incorporated in, these Regulations and the instrument is inconsistent with these Regulations, the Regulations prevail to the extent of the inconsistency.

**References to determinations, exemptions, approvals and licences**

1.7 In these Regulations, a reference to:

(a) a determination, exemption, approval, bulk driver licence or bulk vehicle licence; or

(b) a corresponding determination, exemption, approval, bulk driver licence or bulk vehicle licence:

includes a reference to the determination, exemption, approval or licence as varied.
References to variation of administrative determinations etc

1.8 In these Regulations, a reference to the variation of:
(a) an administrative determination, exemption, approval, bulk driver licence or bulk vehicle licence; or
(b) a corresponding administrative determination, exemption, approval, bulk driver licence or bulk vehicle licence;
includes a reference to a variation by addition, omission or substitution.

Example:
The addition of a new condition to an existing administrative determination.

Division 3—Application of Regulations

Dangerous situations

1.9 These Regulations do not apply to the transport of dangerous goods by an authorised officer, or an officer of an emergency service, to the extent necessary to avert, eliminate or minimise a dangerous situation.

Transport of small quantities

1.10 (1) In this regulation:
“designated dangerous goods” means dangerous goods of Class 1 (except of Class 1.4S), Class 6.2 or Class 7.

(2) These Regulations do not apply to the transport by a person of a load of dangerous goods if:
(a) the goods are packaged dangerous goods; and
(b) the goods are not, and do not include, designated dangerous goods; and

6  Road Transport Reform (Dangerous Goods) 1997 No. 241

(c) the aggregate quantity of the dangerous goods in the load is less than 25% of a placard load; and
(d) the goods are not being transported by the person in the course of a business of transporting goods by road.

Short trips after import

1.11  Regulations 3.1 to 3.4, and Divisions 5, 6 and 7 of Part 4, do not apply to the transport of dangerous goods by road if:
(a) the goods have been imported into Australia; and
(b) the goods are being transported in a closed freight container; and

(4) If the licence has been varied, the variation is recorded on the licence and a replacement licence is not issued, the Competent Authority must return the licence to the licensee.

(5) However, if the licence period has ended, the competent Authority is not required to return the licence to the licensee.
PART 19—CANCELLATION, SUSPENSION AND VARIATION

Meaning of “licence” and “licensee” in Part

19.1 In this Part:

“licence” means a bulk driver or bulk vehicle licence;

“licensee” means the holder of a licence.

Cancellation, suspension and variation in dangerous situations

19.2 (1) This regulation applies if the Competent Authority reasonably believes that:

(a) a ground exists to:

(i) cancel or vary an administrative determination or approval; or

(ii) cancel, suspend or vary a licence; and

(b) it is necessary to take action mentioned in paragraph (a) to avoid, eliminate or minimise a dangerous situation.

(2) The Competent Authority must:

(a) cancel or vary the determination or approval; or

(b) cancel, suspend or vary the licence.

Cancellation and suspension giving effect to court orders

19.3 The Competent Authority must cancel an administrative determination, or cancel or suspend a licence, if the person to whom the determination applies, or the licensee, is prohibited by a court order from involvement in the transport of dangerous goods by road.
Variation of administrative determinations and approvals on application

19.4 (1) This regulation applies if:
   (a) an application is made to vary an administrative determination, approval or licence; and
   (b) for an administrative determination or approval—the application is made in accordance with regulation 17.1 by the person to whom the determination applies or the approval is given; and
   (c) for a licence—the application is made by the licensee and has the licence with it.

(2) The Competent Authority may vary the determination, approval or licence in accordance with the application.

Cancellation, suspension and variation in other circumstances

19.5 (1) This regulation applies if:
   (a) the Competent Authority considers that a ground exists to do any of the following (the “proposed action”):
       (i) cancel an administrative determination or approval;
       (ii) cancel or suspend a licence;
       (iii) vary an administrative determination, approval or licence; and
   (b) regulations 19.2, 19.3 and 19.4 do not apply to the proposed action.

(2) The Competent Authority must give to the person to whom the determination applies or the approval was given, or the licensee, a written notice that:
   (a) states the proposed action; and
   (b) if the proposed action is to vary the determination, approval or licence—states the proposed variation: and
(c) if the proposed action is to suspend the licence—
states a proposed suspension period of not longer
than 12 months; and
(d) states the ground for the proposed action; and
(e) outlines the facts and other circumstances forming
the basis for the ground; and
(f) invites the person to state in writing, within a
stated time of at least 28 days after the day when
the notice is given to the person, why the
proposed action should not be taken.

(3) If, after considering any written statement made within
the stated time, the Competent Authority reasonably
believes that a ground exists to take the proposed
action, the Authority may:

(a) if the proposed action is to cancel the
determination or approval—cancel or vary the
determination or approval; or
(b) if the proposed action is to cancel the licence—
cancel or vary the licence or suspend it for not
longer than 12 months; or
(c) if the proposed action is to suspend the licence for
a stated period—suspend the licence for not
longer than the stated period: or
(d) if the proposed action is to vary the determination,
approval or licence in a stated way—vary the
determination, approval or licence in that way.

(4) However, the Competent Authority may cancel or vary
an oral approval given under regulation 10.9 by
informing the person to whom the approval was given
orally of the cancellation or variation and of the reasons
for the cancellation or variation.

(b) the person may pay the penalty specified in the infringement notice:
   (i) by posting or delivering the payment to the place of payment specified in the notice; or

[Note: Subsection 38 (3) of the Act permits an infringement notice to be withdrawn.]

Effect of Part

21.7  (1) This Part does not:

(a) require an infringement notice to be served on a person for an offence; or

(b) affect the liability of a person to be prosecuted for an offence if an infringement notice is not served on the person for the offence; or

(2) However, if the person on whom an infringement notice is served for an offence pays the penalty specified in the notice:
(a) any liability of the person for the offence is discharged; and
(b) the person may not be prosecuted in a court for the offence; and
(c) the person is not taken to have been convicted of the offence.
