Part 2 Rates

Division 1 Preliminary

4 Rateable land

For the purposes of section 56 (b) of the Act, land within a region is rateable land if, immediately before the commencement of this Regulation, it was land within a district that was rateable land for the purposes of the repealed Act.

Note. To determine what is rateable land under this clause, see clause 6 of, and Schedule 3 to, the Rural Lands Protection Regulation 2010 as in force immediately before the repeal of that Regulation on 1 January 2014.

To determine whether a holding is within a region, see section 55 of the Act.

5 What are the types of rate?

For the purposes of section 57 of the Act, the following types of rate can be made by Local Land Services:

(a) a general rate,
(b) an animal health rate,
(c) special purpose rates.

Division 2 Making and levying rates

6 Making of rates

(1) Local Land Services is to make and levy the following rates for each year:

(a) a general rate on all rateable land,
(b) an animal health rate.

The rates may be made in the previous year but must be made by 31 March of the year to which they relate.

Note. Under clause 25, the Minister may extend the time within which the rates may be made.

(2) Local Land Services may make and levy one or more special purpose rates for any year on any land within a district if Local Land Services considers it is necessary to do so.

(3) A general rate, or a special purpose rate (if any), for rateable land is to consist of:

(a) a base amount for each holding of rateable land (determined by Local Land Services), and
(b) an amount payable for each stock unit based on the total notional carrying capacity of rateable land in the district or for each constituent part (within the meaning of clause 49 of Schedule 7 to the repealed Act as in force immediately before its repeal) of the district.

(4) An animal health rate for rateable land is to consist of:

(a) a base amount for each holding of rateable land (determined by Local Land Services), and
(b) an amount payable for each stock unit based on the total notional carrying capacity of rateable land in the district, or for each constituent part (within the meaning of clause 49 of Schedule 7 to the repealed Act as in force immediately before its repeal) of the district, for which the annual returns lodged in the year preceding the year in which the rate is payable indicate that at least 50 stock units were kept on the land as at 30 June in the year.
(5) The amount payable under a rate in respect of rateable land is calculated in accordance with the following formula:

\[ R = B + (A \times C) \]

where:
- **R** represents the amount payable under the rate.
- **B** represents the base amount determined by Local Land Services for the purposes of the rate.
- **A** represents the amount, determined by Local Land Services, payable for each stock unit in accordance with this clause.
- **C** represents the notional carrying capacity of rateable land determined in accordance with clause 17.

(6) In calculating the general rate or animal health rate payable in respect of land, Local Land Services must disregard any part of the land used for intensive livestock production in respect of which an animal health rate is payable.

(7) An animal health rate may be levied in respect of rateable land comprising a holding for which an annual return has not been lodged in accordance with section 58 of the Act.

(8) Money that has been received by imposition of a special purpose rate may not be used otherwise than for the purpose for which the rate was levied. However, any such money received that is surplus to the purpose for which the special purpose rate was imposed may be used by Local Land Services for any other purpose approved by the Minister.

7 Special purpose pest insect eradication rates

(1) Without limiting the purposes for which a special purpose rate may be levied, a special purpose rate may be levied to fund estimated expenditure by Local Land Services in contributing to the costs of eradicating pests that are insects under section 154 of the Act.

(2) Local Land Services must calculate a special purpose rate in accordance with clause 6 (3) or the following formula:

\[ R = X + (A \times C) \]

where:
- **R** represents the special purpose rate payable.
- **X** represents the base amount determined by Local Land Services for the purposes of the rate.
- **A** represents an amount, determined by Local Land Services, payable for each stock unit based on the total notional carrying capacity of rateable land in the district.
- **C** represents the notional carrying capacity of rateable land determined in accordance with clause 17.

8 How is a rate levied?

(1) A rate is levied on the land specified in a rate notice by giving the notice to any occupier of the land liable to pay the rate.

Note. Section 210 (Service of documents) of the Act sets out the ways in which notice may be given.

(2) A rate notice is to be in the approved form and is to specify the amount of each rate levied.

(3) A rate is due and payable on the day (being a day not less than 28 days and not more than 42 days after notice of the rate is given) specified in the notice.
(4) Local Land Services may accept payment of a rate by instalments or in accordance with an agreement made with the person liable to pay the rate.

(5) For the purposes of subclause (1), if there are 2 or more occupiers of land, a rate notice duly given to any one of the occupiers is taken to have been given to the other occupiers of the land.

(6) An occupier (other than the owner) of land who is given a rate notice must give any owner (other than the Crown) of the land oral or written advice of the rate levied within 14 days after being given the rate notice. Maximum penalty: 10 penalty units.

Division 3 Liability for rates

9 Occupiers are liable to pay rates

(1) The occupier of land on which a rate is levied by Local Land Services is liable to pay the rate to Local Land Services, except as provided by the Act or this Part.

(2) If there are 2 or more occupiers of the land, they are jointly and severally liable to pay the rate. However, as between themselves they are liable only for that part of the rate that is proportionate to the occupier’s interest in the land.

(3) An occupier who pays to Local Land Services more than the occupier’s proportionate part of the rate may recover the excess by way of contribution from the other occupier or occupiers.

10 Liability of owner (other than Crown) to pay rates not paid by occupier

(1) An owner (other than the Crown) of the land in respect of which any rate is levied by Local Land Services is liable for payment to Local Land Services of the whole or any part of the rate that is unpaid 12 months after the day on which it became due and payable by an occupier and any interest or any other charges payable in respect of the rate.

(2) Local Land Services cannot recover any unpaid rate, interest or charges from an owner under subclause (1) unless it gives the owner 28 days’ notice of the amount of the rate that is unpaid and of any interest or charges payable in respect of the rate.

(3) An owner who pays the whole or part of an unpaid rate or any interest or charges payable in respect of the rate may recover the amount paid from the occupier who was given the rate notice.

(4) Nothing in subclause (2) affects any occupier’s liability for payment of a rate.

(5) If there are 2 or more owners of land, they are jointly and severally liable to pay the unpaid rate. However, as between themselves they are liable only for that part of the rate that is proportionate to the owner’s interest in the land.

(6) An owner who pays to Local Land Services more than the owner’s proportionate part of the unpaid rate may recover the excess by way of contribution from the other owner or owners.

11 Liability when occupier or owner of land changes

(1) The liability of a person to pay to Local Land Services a rate in respect of land that is unpaid on the day the person ceases to be the occupier or owner of the land continues until the day on which notice of the change in occupancy or ownership is given by the person in accordance with clause 24.

Note. The liability of a person who ceased to be the occupier or owner of the land (the former occupier or former owner) to pay any owner or subsequent occupier who has paid to Local Land Services any unpaid rate that should have been paid by the former occupier or former owner.
owner does not cease on the giving of the notice, and the owner or subsequent occupier who paid the unpaid rate to Local Land Services may recover the amount from the former occupier or former owner (see clause 13).

(2) The giving of a notice as referred to in subclause (1) does not affect any liability of the owner of the land other than the Crown (if the notice is of change of occupancy) or the new owner of the land other than the Crown (if the notice is of change of ownership) for the whole or any part of a rate that is unpaid or for any interest or any other charges in respect of the rate under clause 10.

Note. If any unpaid rate, interest or charge is paid to Local Land Services by the owner or new owner, he or she may recover the amount from the former occupier or former owner (see clause 13).

(3) A person who pays to Local Land Services any rate levied in respect of land after the person ceases to occupy or own the land and before the person gives notice of the change in occupancy or ownership of the land may recover the amount from any successive occupier or owner of the land who is liable to pay that rate.

(4) A person who becomes the occupier of land that is the subject of a lease, licence or purchase from the Crown is not liable for any rate levied in respect of the land that is unpaid on the day the person becomes the occupier of the land.

12 Apportionment of rates

(1) This clause applies to a rate levied in respect of land for a year if the occupancy or ownership of the land (whether in whole or in part) is subsequently changed during that year to a different occupier or owner.

(2) The rate is payable as between the former and subsequent occupier or owner of land proportionately to the part of the year during which the occupier or owner occupied the land and to the part of the land occupied or owned.

13 Recovery of rates paid when not occupier or owner

An occupier or owner of land who pays to Local Land Services any rate that accrued during the occupancy or ownership of the land by some other person is entitled to recover from that other person as a debt such proportion of the rate as accrued while that other person was the occupier or owner of the land.

14 Exemption from liability for animal health rate

(1) Rateable land is exempt from any animal health rate for a year if the annual return lodged by the due date in respect of the land for the preceding year indicates that the total number of stock kept on the land was less than the number of stock represented by 50 stock units.

(2) For the purposes of subclause (1), in calculating the total number of stock kept on land, if any horses are kept on the land only so many horses as exceed 5 in number are to be taken into account.

15 Land exempt from operation of Part 5 (Rates, levies and contributions) of the Act

(1) For the purposes of section 208 of the Act, the following are exempt from the operation of the provisions of Part 5 of the Act:

(a) any part of a holding used as a motel or caravan park,
(b) any part of a holding occupied by Local Land Services,
(c) any part of a holding occupied by a local authority and that is used for a purpose other than an agricultural enterprise,
(d) any part of a holding used for the purposes of a cemetery, golf course, racecourse, showground or industrial area.
(2) For the purposes of section 208 of the Act, the following land is exempt from the operation of the provisions of Part 5 of the Act (other than section 58 (Annual returns of land and stock)):
   (a) any part of a holding on which a rifle range or buildings ancillary to the conduct of such a range are located,
   (b) any part of a holding used for growing sugar cane.

Division 4 Assessment of notional carrying capacity of land

16 Timing and notice of assessment of notional carrying capacity
   (1) Local Land Services may assess the notional carrying capacity of a holding at any
time but must assess it within 5 years of its last assessment.
   (2) Local Land Services is to give any occupier of the holding notice of its assessment
as soon as practicable after it is made (but not later than on the first occasion
following the assessment on which a rate notice with respect to the land is given).
   (3) For the purposes of subclause (2), if there are 2 or more occupiers of a holding, a
notice of assessment duly given to any one of the occupiers is taken to have been
given to the other occupiers of the holding.
   (4) An occupier (other than the owner) of a holding who is given a notice of assessment
must give each other occupier and each owner oral or written advice of the
assessment within 14 days after being given the notice of assessment.
   Maximum penalty: 10 penalty units.

17 Assessment of notional carrying capacity
   (1) Local Land Services must assess the notional carrying capacity of each holding of
land.
   (2) In determining the notional carrying capacity of land for the purposes of this clause:
      (a) a 40 kilogram wether sheep of any breed represents 1 stock unit, and
      (b) a 400 kilogram steer of any breed represents 10 stock units.
   (3) Local Land Services is to assess the notional carrying capacity of land by reference
to the number of stock units that could be maintained on the land in an average season
under management practices that, in the opinion of Local Land Services, are usual
for the district.
   (4) The assessment is to be made whether or not the land is, at the date of assessment,
used for any purpose.
   (5) Without limiting matters that Local Land Services may have regard to in assessing
the notional carrying capacity of particular rateable land, Local Land Services:
      (a) must disregard the presence of noxious weeds or pest animals on the land, and
      (b) must not take into consideration the use of irrigation if the land is irrigated land
used for permanent plantings of trees or vines, and
      (c) must make its assessment as if the raising of stock were the only use of the
land, and
      (d) in the case of land that remains in or is reverting to its original undeveloped
state—must base its assessment on the condition of the land as at the date of
assessment.
(6) In assessing the notional carrying capacity of rateable land used for intensive livestock production, Local Land Services must have regard to the following:
   (a) the nature of the holding or structure concerned,
   (b) any improvement and equipment used for the purposes of intensive livestock production on the land,
   (c) the manner in which the holding has been worked,
   (d) any other matter that it considers necessary.

18 Application for review of assessment

(1) An owner or occupier of a holding who is dissatisfied with Local Land Services’ assessment of the notional carrying capacity of the holding may apply in writing to Local Land Services for a review of the assessment.

(2) An application for review of an assessment must be made not later than 28 days after notice of the assessment is given to the occupier.

(3) Local Land Services may, within 28 days of receipt of an application for review of an assessment, require the applicant to provide Local Land Services with such additional information as Local Land Services may reasonably require to review the assessment.

(4) Local Land Services is not required to deal with an application for review of an assessment if the applicant fails to provide additional information to Local Land Services when required to do so.

19 Review of assessment

(1) Local Land Services is to review the assessment within the period of 40 days after:
   (a) it receives the application, or
   (b) if it has required the applicant to provide additional information, receipt of the information.

(2) On reviewing an assessment, Local Land Services may:
   (a) confirm the assessment, or
   (b) vary the assessment.

(3) Local Land Services is to give the applicant for review of the assessment notice of its decision on review of the assessment as soon as practicable after the review.

(4) An applicant who is given notice of the decision of Local Land Services on review of an assessment must give each other occupier or owner of the land oral or written advice of the decision within 14 days after being given notice of it.

   Maximum penalty: 10 penalty units.

(5) Local Land Services is taken (for the purposes only of an appeal) to have decided to confirm the assessment if Local Land Services has not reviewed the assessment within the period of 40 days after:
   (a) the making of the application for review, or
   (b) if it has required the applicant to provide additional information, receipt of the information.
Division 5  Appeals against assessment of notional carrying capacity and rates

20 Appeals against assessment
(1) If an occupier or owner of a holding is dissatisfied with the decision of Local Land Services on review of an assessment of the notional carrying capacity of a holding, the occupier or owner may, not later than 30 days after being given notice of the decision, appeal against the assessment to the appropriate local land board.

(2) An appeal is to be determined on the information provided or available to Local Land Services in making the assessment and any additional information provided under clause 18. However, the local land board may also take into account any relevant information contained in an annual return under section 58 of the Act that has been duly lodged by the appellant.

(3) Before hearing an appeal against an assessment of the notional carrying capacity of a holding, the local land board must be satisfied that the appellant has paid all rates that the appellant is liable to pay under the Act, other than any rates based on the assessment of the notional carrying capacity that is the subject of the appeal.

21 Appeals against rates
(1) An occupier or owner of land may appeal against the validity of any rate levied on land to the appropriate local land board.

(2) An appeal may be made on the ground that the land or part of it is not rateable or is not subject to a particular rate.

(3) An appeal is to be lodged within 30 days after the occupier of the land is given the rate notice.

(4) The local land board is not to hear an appeal under this clause in respect of a rate levied in respect of a year unless the appellant has produced to the local land board a certificate issued by Local Land Services (or such other evidence as is acceptable to the local land board) confirming that all rates due and payable in any preceding year in relation to the land have been paid.

   Note. Section 210 (Service of documents) of the Act sets out various ways in which a rate notice may be given.

22 Hearing of appeals
(1) After hearing the appeal against an assessment of the notional carrying capacity of a holding, the local land board must decide the appeal by:
   (a) confirming the assessment, or
   (b) varying the assessment by altering the assessment.

(2) After hearing the appeal against a rate levied on land, the local land board must decide the appeal either:
   (a) by confirming the rate as levied, or
   (b) by varying the rate.

(3) The decision of a local land board on the hearing of the appeal is final.

Division 6  Miscellaneous

23 Measures to facilitate the recovery of rates
(1) The lodgment of an appeal against the validity of the rate under clause 21 does not prevent proceedings being taken for the recovery of the rate.
(2) The fact that an appeal has been lodged against the validity of a rate under clause 21 does not prevent the Minister from exercising a power conferred by clause 25.

24 Notice to be given of changes in occupancy or ownership of rateable land

(1) A person must, within one month after ceasing to be or becoming the occupier or owner of rateable land, give notice in the approved form to Local Land Services. Maximum penalty: 10 penalty units.

(2) A person is taken to have satisfied the requirements of this clause in relation to a change of ownership if notice of the change is lodged with the Registrar-General in accordance with section 39 of the Real Property Act 1900 or section 184E of the Conveyancing Act 1919 within one month after the change of ownership.

25 Irregularities concerning rates

(1) The Minister may extend the period for a rate to be fixed or rate notice to be given if for any reason the rate is not fixed, or rate notice is not given, within the period prescribed by or under the Act.

(2) The Minister may authorise Local Land Services to do any things that are necessary to cure an irregularity and to validate a rate if any irregularity in fixing or levying a rate affects, or may be considered to affect, the validity of any rate.

26 Notification of change of address

(1) The occupier of rateable land must notify Local Land Services of any change in the occupier’s postal address within one month after the change occurs. Maximum penalty: 10 penalty units.

(3) A person who becomes the occupier of rateable land must notify Local Land Services of the occupier’s postal address within one month after becoming the occupier of the land. Maximum penalty: 10 penalty units.

27 Tenure bond to be paid by certain holders of Crown land

(1) The government agency or other public authority that grants a person short tenure of Crown land is to notify Local Land Services as soon as practicable after the grant.

(2) A person who takes Crown land on a short tenure must provide to Local Land Services a tenure bond within 14 days of taking the land on short tenure. Maximum penalty: 20 penalty units.

(3) The tenure bond is to be in the form approved, and for such reasonable amount as is determined, by Local Land Services.

(4) At the end of the short tenure of land, an amount equal to any unpaid rates, charges, interest or any other amount owed to Local Land Services in respect of the land by the holder of the short tenure is forfeited to Local Land Services from any tenure bond provided under this clause.

(5) Local Land Services must refund the balance (if any) of the tenure bond to the person who provided it.

(6) Except as provided by subclause (4), nothing in this clause:
(a) affects the liability of any person to pay rates under the Act, or
(b) affects Local Land Services’ right to recover rates under the Act.

(7) In this clause:

*short tenure*, in relation to land, means a lease of the land from the Crown for a term not exceeding 3 years or a licence of the land from the Crown.

*tenure bond* means a bond deposited or paid in such a way as to secure Local Land Services against any failure of the person depositing or paying the bond to pay rates, charges or any other amount in respect of the land payable by the person to Local Land Services under the Act.
