(2) Each adjustable amount is, on 1 September in each year (starting on 1 September 2014), to be adjusted for increases or decreases in public sector wages as provided by this clause.

(3) The adjustable amount that is to apply for a year is to be determined by multiplying the adjustable amount that applied for the previous year by the annual increase, or decrease, (as the case may be) in the Public Sector Wage Price Index during that previous year.

(4) The annual increase or decrease in the Public Sector Wage Price Index during a year is to be calculated as \( \frac{A}{B} \) where:

\( A \) is the Public Sector Wage Price Index number for the last quarter for which such a number was published before the start of the year.

\( B \) is the Public Sector Wage Price Index number for the last quarter for which such a number was published before the end of the year.

(5) If the determination of an adjustable amount for a year under this clause results in an amount that is not a whole number multiple of $1, the amount calculated is to be rounded up to the nearest whole number multiple of $1 and that amount as so rounded is the adjustable amount for that year.

(6) Before the start of each year commencing 1 September 2014, the EPA is to publish notice of the adjustable amount for the year (as adjusted under this clause) on the following websites:

(a) the NSW legislation website,

For the purposes of section 92A of the Act:
(a) each offence arising under a provision specified in Column 1 of Schedule 1 is prescribed as a penalty notice offence, and
